Certificate of Attendance for CHC, CLE, CPA and Other Credits

Greetings!

Do you need a Certificate of Attendance for CHC, CLE, CPA or other credits?

To help you remember the sessions you've attended, please use the form below to record the CE number that appears at the end of each session. You can also record the CE codes in the notes section of the mobile app or hybrid platform. Once the conference ends, send your list of sessions and codes to the 340B Health office via email: education@340bhealth.org.

340B Health staff will verify the codes you submit and send you your Certificate of Attendance. To claim this credit, submit the listing of sessions you attended and the provided Certificate of Attendance to the organization you are asking to provide continuing education credit for your profession. CE code numbers will not be provided for sessions watched on demand. Email the session title(s) CE codes provided at the end of the session that you attended to education@340bhealth.org. Sessions will generally become available on demand within two weeks (usually faster) and will remain available until March 4, 2022.

Please use the 340B Coalition Conference, www.340bwinterconference.org, to obtain bios of speakers that you will need.

Questions?

Contact Steven Miller, 340B Health's Vice President of Pharmacy Services, at steven.miller@340bhealth.org
